

ACERBI 1906

Marine: solutions, expertise, future

Acerbi 1906 is a renowned supplier of solutions and electrical systems for the marine industry, with a strong focus on cruise and ferry, yacht and super yacht, navy, government vessel, commercial marine, and dock categories. With a rich history dating back centuries, Acerbi 1906 prides itself on offering top-notch equipment and services tailored to meet the strictest specifications of shipyards, shipowner companies, marine installers, system integrators, interior and ship's designer and ship chandler.

From lighting and energy systems to installation materials and automation systems, Acerbi 1906's range of products covers a wide spectrum of needs within the marine industry. Acerbi 1906's expertise in lighting equipment is particularly noteworthy, with a comprehensive offering of navigation lights, searchlights, floodlights, and more from leading brands. Specialized products for EX classified areas, indoor and outdoor lighting, and custom product codes for specific applications make Acerbi 1906 a trusted partner for all lighting needs in the marine sector.

Acerbi 1906's extensive product portfolio and well-stocked spare parts warehouse ensure quick and reliable operations, supported by timely technical and commercial assistance for on-board maintenance management.

With a wealth of experience and a commitment to customer satisfaction, Acerbi 1906 stands out as a reliable partner for all marine projects, ensuring maximum efficiency and performance in new construction, maintenance activities, and refit operations alike.
